The Hudson Rotary Foundation facilitates and supports activities that have characterized this Rotary organization for years, from fundraising to charitable and community works. The keys to our success are our people and their adherence to the vision and goals of the Hudson Rotary Foundation:

- To provide opportunities for young people, work for the relief of the special needs of others and to improve the quality of life in the community of Hudson.
- To support and contribute to the success of activities to which Hudson Rotarians are committed.
- To fund scholarships for high school and college students.
- To ensure that charitable beneficiaries selected and approved by the Rotary Club of Hudson are eligible beneficiaries under the Foundation's charter and bylaws and under IRS regulations.
- To educate and inform Hudson Rotarians about the activities of the Hudson Rotary Foundation on an ongoing basis.
- To manage its funds with the highest standards of integrity and accountability.

The hallmark of the 75-year-old Hudson Rotary Club is its scholarship program. Hudson Rotarians carefully interview and select deserving area students to receive scholarships that are typically renewed throughout the students' schooling. The Hudson Rotary Foundation has and will continue to provide the financing necessary to grant these college and vocational program scholarships. The Foundation also supports organizations that provide a service to the Hudson community, such as our local hospice program. In the past, the Foundation sponsored the Hudson Bicentennial Commission and provided funding for the preservation of the historic Case Barlow Farm. The Foundation has supported Hudson's local community cable television Channel 25 and shared fundraising proceeds with our local Boy Scout Foundation. The Hudson Rotary Foundation also supplied the Hudson Middle School band with new musical instruments.

We are grateful for the support of our donors as we continue to build our permanent endowment fund to assist charitable and community projects in the future.
